

**Welcome to the registered and charitable German Matt Lamb Society!**

The German Matt Lamb Society is personally approved and authorized by Matt Lamb and situated in Berlin, Germany. It intends to open the life and work of Matt Lamb to the German public at large. The artist's work as well as his worldwide dedication for peace comes to the fore of the Society's work.

Different projects for peace and children of the "Lamb Umbrellas for Peace" will be initiated throughout Germany to deliver the artist's message of peace, tolerance, understanding, hope and love in this world.

The German Matt Lamb Society promotes and arranges expositions and studio visitations. Furthermore it serves the transatlantic friendship. The Society is acting independently, yet closely linked to the worldwide activities of Matt Lamb, particularly with the Matt Lamb Museums, the „Lamb Umbrellas for Peace“ and the Matt Lamb Studios. It is bipartisan and denominationally unaffiliated.
